D. 1875, file his petition in the Probate Court of Hamilton county, Ohio, setting forth therein that there is no personal property belonging to the estate of said deceased; that the debts against said estate amount to \$600; that said deceased died seized in fee simple of the following real estate, viz: Lot No. 48, in the village of Harrison, Hamilton county, Ohio; that said John Ball, Harriet Callahan, Ann Eliza Smith and Richard Ball, are children and heirs of said deceased, having the next estate of inheritance in real estate, and that said Rutha Ball is widow of said deceased and entitled to dower therein. The object of said petition is that the dower of said widow be set off in said real estate, and that said real estate be sold, subject to said dower, for the payment of the debts of said deceased and costs of administration. Said petition will be for hearing on the 21st day of September, A. D. 1875.

RICHARD BALL, Adm'r of Sam'l Ball's Estate. P. W. FRANCIS, Atty., 2nd-43M.

Preparations for the Funeral of the illustrious Tennesseean.

New York, August 2.--A special from Greenville says the funeral of Ex-President Johnson is to take place on Tuesday at 10 o'clock with Masonic honors. Knoxville requested the honor of burying the illustrious dead, but the family were unwilling that the ceremony should be performed anywhere except at Greenville. The Herald of Commerce has a long biographical article as follows:

"Andrew Johnson will be remembered not only as an honest and a brave man, but as one whose life is full of comfort to the lowly and aspiring. His personal career is one of the noblest of our history, for it is the career of one who rose from the lowest beginning to the first position in the Republic, who never feared a responsibility in performance of duty, who stood by the Union in its darkest hour and where his voice was more powerful than an army."

The Storm.

Effects of the Rain at Other Points.

VALLEY JUNCTION, Aug. 2.--The most severe rain storm of the season prevailed here and in this vicinity yesterday afternoon. The amount of rainfall was unprecedented. This morning the White-water and Great Miami rivers are overflowing the low lands, completely inundating thousands of acres of the finest corn to be found anywhere in the Western country. From this point can be seen the towns of Cleveland, Lawrenceville, Elizabethtown and Harrison, and the White-water, Miami and Ohio valleys, and the entire bottoms are completely inundated. The loss of the corn crop in this vicinity can not be estimated. It is unprecedented in the history of the country.

WILMINGTON, O., August 2.--The terrible storm of yesterday afternoon washed away the track near here and no trains are running this morning. Great damage is done to property of all kinds and the crops are completely under water.

CAIRO, August 2.--A heavy rain fell here last evening, doing great damage. Two streets were flooded, crops submerged and tracks washed away.

FRANKFORT, Ky., August 2.--A heavy rain fell here last evening, doing some damage to the streets and roads.

KOKOMO, IND., August 2.--Heavy rains during Saturday night and Sunday flooded the whole of this section. Several wash-outs are reported. The Indianapolis, Peru and Chicago Railroad is under water in several places. Further damage is feared. Travel will likely be impeded 48 hours. The effect on small grain will be ruinous.

CANTERSBURG, IND., August 2.--It has been raining almost constantly since early Saturday night. The Vandallia railroad bridge over West White Lick was carried away; also about 30 yards of track near here. It will require about 24 hours more to repair the damage to the railroad.

MEMPHIS, August 2.--There is now a certainty of a complete overflow and terrible inundation in the Mississippi bottom. The crops there are the finest for years, but their destruction now seems inevitable. The heavy rain at St. Louis and the rains reported above seem to leave little room for hope.

ans at Big Horn, but, being delayed in starting, the Indians arrived first and were attacked by the Sioux, with the above-mentioned result.

A letter was received yesterday from one of Pease's party, dated mouth of Stillwater, June 20, containing news that a second boat had been snaggd and sunk and the entire load lost, consisting of provisions, clothing, bedding, six guns, and nineteen hundred rounds of ammunition. Of the three boat loads with which he started but one remains.

The first one lost was near the agency. The latter also states that many of the men are barefooted, have little clothing and bedding, and that the supply of provisions is getting low; that they intend to continue down the river. They have not seen any Indians. No mention is made of the fight between Crows and Sioux.

The fact has been recently revealed by the local press and the Baltimore Gazette that a short time since three patients in the Government hospital for the insane, located in the District of Columbia, were taken by the direction of the superintendent and conveyed to a point in Maryland, remote from habitation, and there turned loose in the woods at night.

Dr. Nichols attempted to excuse the action on the grounds that the patients belonged to the State of Maryland, and were not properly admissible to the hospital. There is good authority for the statement that a similar course has been pursued in relation to lunatics from other States, and that they have been taken to the cars and directed to the point nearest their supposed residence, and that upon reaching the place their escort would leave the cars and take return ticket for Washington, the lunatic being abandoned to whatever fate might befall him or her.

The Secretary of the Treasury has directed the Assistant Treasurer at New York to sell \$5,000,000 gold coin during the month of August as follows: \$1,500,000 on the first and third Thursdays each, and \$1,000,000 on the second and fourth Thursdays each.

The following executive order announcing the death of Ex-President Johnson was issued Saturday:

WASHINGTON, July 31.--It becomes the painful duty of the President to announce to the people of the United States the death of Andrew Johnson, the last survivor of his honored predecessors, which occurred in Carter county, East Tennessee, at an early hour this morning. The solemnity of the occasion which called him to the Presidency, with the varied nature and length of his public services, will cause him to be long remembered, and occasion mourning for the death of a distinguished public servant. As a mark of respect for the memory of the deceased, the Secretary of the Executive Mansion and the several departments of Government at Washington be draped in mourning until the close of the day designated for his funeral, and that all public business be suspended on that day. It is further ordered that the War and Navy Departments cause suitable honors to be paid on the occasion to the memory of the illustrious dead.

Signed, U. S. GRANT. By order of the President: JOHN L. CADWALLADER, Acting Secretary of State.

Marine.

New York, August 2.--Arrived, Cornwall from Bristol; Alexandria, from Mediterranean ports.

Burned.

MAHANAY CITY, PENN., August 2.--Ridge Colliery, four miles from this city, was burned yesterday.

On Account of the Flood.

XENIA, August 2.--The Pan Handle road is running its Columbus and Cincinnati trains by way of this place and Dayton to-day on account of the flood.

Yellow Fever.

SAVANNAH, GA., August 2.--A special to the Advertiser, dated Pensacola, July 31, says the total number of cases at Barancas from the commencement to date is 67. Total deaths, 21. A marine guard on duty at the Quarantine in Jacksonville, the navy-yard and at Pensacola.

Not Probable.

CHICAGO, August 2.--A body supposed to be that of the unfortunate Donaldson, was seen in the lake Saturday night in the vicinity of Twenty-second street. The rumor up to the present time has not been verified, as the waves were so high the body could not be recovered.

The Sioux Commission.

SIoux CITY, IOWA, August 2.--Dispatches from Fort Sully say five of the Indian Commissioners arrived at the Cheyenne Agency yesterday, all in good health. They passed through the Black Hills and met Prof. Jenney. The Commissioners were fifteen days making the trip from Red Cloud to the Cheyenne Agency. They were escorted through a part of the Second Cavalry. Before turning they intend visiting the different agencies on the river below.

The Bold Brigade of Pennsylvania.

ERIE, Pa., August 2.--The brigade that infest Northwestern Pennsylvania and Western New York are daily growing bolder and more extensive in their operations. Well armed and organized bands of masked men are now daily heard of in different sections of the State. Several attempts to meet trains on the railways have been made, and several houses have been entered and robbed and the people are in a state of terror. It is estimated that \$5,000 worth of property have been stolen. The people are about to appeal to the State authorities.

Fires.

TRENTON, N. J., August 2.--About one o'clock Sunday morning a fire broke out in the Pennsylvania railroad and Canal workshops. A large quantity of oil was in the basement and some valuable machinery and tools in the shops were destroyed. Loss about \$20,000. The fire is thought to be the work of an incendiary.

At 4 o'clock another fire was discovered in the packing-house of Asbury's pottery, which was totally destroyed. A large quantity of ware was in the packing-house ready for shipment. Loss, \$3,000 to \$10,000. It is thought that the fire originated from sparks from the Pennsylvania and Canal Company's shops, which were directly opposite.

Latest from Abroad.

THE HERZEGOVINIAN SITUATION.

BELGRADE, August 2.--Prince Milan has gone to confer with the Foreign Office in regard to the situation in Herzegovina. The Servians have opened subscriptions in aid of the insurrection and much excitement prevails in the Principality.

VIENNA, August 2.--The Vienna Presse says it has reason to believe that Prince Milan's object in coming to this city is to sound the Government, and ascertain whether Austria intends to preserve neutrality, even if the insurrection is protracted; whether she will not recommend the Porte to redress the evils which have caused the present disturbances; and finally, whether she is inclined to support the demands which the Servian Government contemplates respecting the development of the independence of Servia. The Presse concludes that if the Austrian Government's reply is not altogether satisfactory, it will be because Turkey is at fault for showing lack of energy at the commencement of the Herzegovinian insurrection.

FENIAN AMNESTY.

LONDON, August 2.--An immense meeting in favor of amnesty for the Fenian convicts was held in Hyde Park to-day. It was estimated that ten thousand persons gathered around the various speakers' stands. John O'Connor Power, member of Parliament, presided, and in his speech declared that the Fenian prisoners were entitled to approbation rather than censure. Biggar, member from Cavan county, and Messrs. Parrell and Mellon, were also present. Resolutions of the usual character were carried by acclamation.

RESULT OF THE ACCIDENT.

REV. Mr. Richards, of Charleston, West Virginia, whose death at Edinburg was reported yesterday, died from the effects of a fall in the railway depot, by which he fractured his skull.

THE O'CONNELL DEMONSTRATIONS.

The O'Connell County demonstration is assuming unexpected political and diplomatic significance, embarrassing to the Liberals, the Home Rulers and the Government. The Lord Mayor of Dublin, supposed to be at the instigation of the wily Cardinal Cullen, a pure Churchman, caring nothing for the memory of O'Connell, has given the pair an Irish character offensive alike to Irish and English Liberals, the Protestant noblemen, Home Rulers and Fenians. The invitations were mainly extended to the Catholic laymen and the Bishops of England, France and Germany, which has drawn an indignant protest from an Irish peer, who claims that the Lord Mayor is unauthorized to use his office for a purely Catholic purpose. Cardinal Cullen is known to be the enemy of Home rule, and he hopes thus to divide and destroy that party.

The Home Rulers and Fenians will probably have independent celebrations in honor of liberation. They can not concentrate in an Ulsterman's movement without endangering the Liberal alliance and alienating Protestants who sympathize with Home Rule principles. Meg like Butt Sullivan and McCarthy Donning deplore the character given the affair, and fear they will, in consequence, lose the support of the English Liberal and Irish Protestants.

THE DUKE KILLS OUT.

LONDON, August 2.--The Duke of Edinburgh, who is heir apparent to the

throne of Saxe Coburg Gotha, in Central Germany, has sold the right of succession to the throne of that Duchy to the German Government. The consideration paid to the Duke for this right is an annuity of £80,000.

Drank Himself to Death--Democratic Club--Old Pioneer Dead, &c. Special to the Star.

COLUMBUS, O., August 2.--A colored man named Henry Wright drank, on a wager, a quart of raw whiskey and eight glasses of beer within half an hour Saturday night, and died from the effects of it in the course of a few hours.

A Democratic club was organized here Saturday evening, with Captain Alvah Perry as President.

Mr. D. W. Royce, one of our oldest citizens, died on Saturday afternoon at his residence in this city, aged eighty-seven years. Mr. Royce settled in Columbus in 1810.

John Conley, a young man employed in the State stone quarry was drowned while bathing in the river here Saturday evening.

LATEST LOCAL.

ENGINEER BOWLES has visited the Union Bridge levee at Linwood, and reports that \$25 will cover all the damage that has been done by the recent heavy rains. This speaks well for the contractor of the fill.

JAMES GRANT, who was on Saturday sent to the Work-house for thirty days, for assaulting two young boys, was adjudged guilty in the Police Court this morning of having stolen \$150 from Mrs. Mary Schermer, on Central avenue. He was sentenced to ten days in the Work-house and fined \$10.

In the show window of Carson & Co., fourth street, can be seen a brass candle that has been struck by lightning. The only damage to it is a hole the size of a hickory nut near the rim. The candle was struck during a recent storm at Madeira, Ohio (on the M. & C. railroad) in the residence of L. H. Bond, Esq.

LOUISA GRAVES, the woman who out Andrew Jackson, a colored man, in the head with a hatchet, at her house on Betts and John streets, was arraigned in the Police Court this morning on a charge of assault with intent to kill. Louisa alleges that she struck Jackson because he made improper proposals to her. The Judge held that there was enough evidence against her to bind her over, which he did. Her bond was fixed at \$500.

FRANK ROYCE was arrested on Saturday on a charge of bigamy. Royce is a married man, and has married three wives, the first of whom he obtained a divorce, and was subsequently married to a Miss Hopkins. On the 12th of June last he was once more united in wedlock to a Mrs. Ross Geary, by Squire True. The second wife brought the charge. The case was called up in the Police Court this morning, and on application, continued till the 10th inst.

It still rains with the ease and persistence of Old Noah's flood rain, but we are assured by an old weather rooster who knows all about it, that we will have no use for an ark, and that from and after next Tuesday, the 10th inst., we will have pleasant weather with plenty of sunshine. He says that for a month or more the changes of the moon have been in the morning, and that on Tuesday it quarters in the evening, which is a sure guarantee of a change in the weather for the better. Down with Old Probs. and up with our rooster.

A Western Union Scare.

A novel sensation was created this morning in the receiving room of the W. U. Telegraph Company, corner of Fourth and Vine. Some nice scribbling paper, at a point where a great many wires meet, brought two of different polarities in contact--wires of negative and positive batteries--which caused a blaze, and the covering of the wires were burned. Beyond this no damage was done; only a scare.

The Fire.

An alarm was struck from box 54, at about half past 12, at the corner of Fifth and I. & C. R. R. The engines all responded promptly, and succeeded without much difficulty in checking the flames, as they had made but little progress before the alarm was turned in. The building in which the fire originated is occupied as a scale factory.

The loss is very light, and fully insured.

Board of Improvements.

The Board of City Improvements met in regular session at the room of the Board, No. 4 City Building, at 9 o'clock, Mr. Corbett in the chair in the absence of the President, Mayor Johnston, he being confined at home by sickness.

No less than fifteen petitions were presented to the Board, asking to have various sewers, streets and grades repaired to prevent damage to private property during the present rainy weather.

During the discussion of these matters an old and almost defunct law was resurrected by Engineer Halpin, that prevented the Board from making any improvements when the estimated cost would exceed \$100.

The Board floundered and fopped about on this question for a considerable time, and at one time, there seemed to be danger of abandoning all business and coming to a dead halt, leaving the city at the mercy of the elements. Finally after much discussion the Board gracefully slid around this question and proposed to business without removing the obstruction, which probably will cause another disagreeable halt at some future meeting. All bills not to exceed \$100 were authorized to be paid, the pay roll to be approved, and all things amicably adjusted.

After a little miscellaneous business the Board, upon motion, adjourned.

BEFORE COMMISSIONER HOOPER.

He Suit Against Ex-United States Detective Dyer.

The case of Ex U. S. Detective Dyer, charged with having feloniously taken away a fifty-dollar counterfeit note which was held as evidence against one Robert Bull, was this morning investigated before U. S. Commissioner Hooper. The particulars of the case were fully mentioned in the STAR at the time of his arrest.

Mr. C. B. Harper, a messenger in the District Attorney's office, testified as follows: The money which was taken was deposited in the safe.

I last saw it in March; I may have

seen it since; it is not there now; last May 24th Dyer came into the office and asked for the use of some counterfeit money; he got some out of the packages and gave a receipt for the same; on the 26th he returned the money and I marked "returned" on the package; there was no one else near the box on any other occasion; the bill missing is a \$50 counterfeit note.

Cross-examined--Don't know what money Dyer asked for; he got out two \$5 pieces and three 50-cent pieces for official use. As long as he was at the box I was in the room. No one was with him on the 26th of May; don't remember who was with him on the 24th.

In indirect examination the witness stated that he didn't know who put the money back in the packages.
